GREEK FLAGS DOWN

Removed From the Greek Consulate at Canea.

DEMANDS OF FOREIGN POWERS.

Compiled With Under a Protest After Strong Threats Were Made — Greece Will Not Withdraw Her Flotilla — Active War Preparations Carried On — Bloody Conflict Almost Certain.

CANEA, Feb. 19.—The admirals commanding the foreign men-of-war here demanded of the Greek consul that he remove the Greek flags from the consulate. This was not acceded to and then the admirals threatened to send marines to force the consulate to remove the flag, unless the Greek consul complied with the request of the powers in this particular. The Greek consul acceded under protest, declaring that the admirals were not competent to deal with the question. The foreign admirals have now demanded the withdrawal of the marine guard from the consulate.

The British and Italian torpedo boats stopped the Greek ironclad Hydra, which was conveying provisions to the Greek camp.

Colonel Vassos, commander of the Greek forces, has decided to attack and occupy several strategic points.

The insurgents have intimated to the consuls that they propose to attack Halepa in the near future. The insurgents who are operating with the Greek forces have been observed advancing nearer the town.

Turkish volunteers and refugees who have been brought here by a transport state that a hundred Mussulmans have been killed at Sarakinos and Sclinos and that an equal number have been killed in the surrounding country. Among the killed at Sarakinos were 20 women and 61 children. The Mussulmans here have become excited and assumed a menacing attitude since the arrival of this news, and another expedition of Mussulman volunteers is preparing to start for Setinos.

Colonel Vassos, the commander-in-chief of the Greek army of occupation in Crete, in the name of King George, is establishing there a system of administration. The municipal elections are already proceeding, and mayors have been installed in the towns and villages outside of Canea, Heraklion, Retimo and Sitia.

Colonel Vassos has issued an order advising his men to avoid any collision with the foreign marines and exhorting the Cretans to treat fairly both the foreigners and the Moles. He promises the latter protection and religious equality, but will try to persuade them to quit the island. He will punish severely all acts of violence against them. Turkish soldiers who yield will be disarmed and sent to Smyrna or other points in Turkey. The chief of the gendarmerie has ordered the Greek consulate at Canea guarded, the foreign marines changing daily according to nationality.

GREECE WILL NOT YIELD.
Her Flotilla Will Not Be Recalled and War Preparations Going On.

ATHENS, Feb. 19.—M. Skous, the minister of foreign affairs, has replied to the last communication from the representatives of the powers, saying it is impossible for Greece to recall her torpedo flotilla, so long as the excitement continues in Crete.

The government has sent instructions to the consul at Canea, declaring that as the four towns which the powers occupied were not held in behalf of Turkey, they must, like the rest of Crete, be regarded as Greek territory.

It is pronounced upon absolute authority that all the reserves will be called out.

It is reported that the cabinet council has decided to continue an active policy.

The king is to take command of the Greek forces if the Turks attack the frontier. The secret committee here has several thousand armed volunteers ready to enter Macedonia, if Greece is provoked.

STATEMENT FROM THE THRONE.

Greece's Minister of Foreign Affairs Sizes Up the Situation.

NEW YORK, Feb. 19.—In response to a cable message to his majesty, the King of Greece, the New York World received the following message from Athens and signed by Skous, the minister of foreign affairs:

"After six months of waiting the reforms imposed upon Turkey by the great powers are not put into execution.

"The Turks oppose the organization of the gendarmerie (constabulary). On Feb. 8 the Turkish troops began the massacres. The Christian quarters at Canea were burned.

"About 150,000 women and children are refugees today in Greece.

"The Cretans, in despair, proclaimed their independence and union with Greece.

"The Hellenic government sent a small army to occupy Crete in order to restore order and peace.

"Five great powers occupy the four towns of Canea, Rethymno, Candia and Sitia. All the remainder of the island in the possession of the Christians.

"The expressions of sympathy from the great American people and the Hellenes resident in America are a precious support to us in the work for the independence of Crete, and we thank them sincerely."

Germany and Russia Will Join Forces.

MOSCOW, Feb. 19.—In the event of certain contingencies it is already arranged that the German troops are to traverse Russian territory and co-operate with the Russian forces in the Kieff district.

Reinforcements From Macedonia.

ROME, Feb. 19.—A special dispatch received from Larissa, Greece, says that a thousand Macedonians have crossed the frontier and joined the Greek forces.

SENATOR KYLE RE-ELECTED.

The Great Senatorial Deadlock in South Dakota Broken.

PIERRE, S. D., Feb. 19.—The break came in the senatorial deadlock yesterday, when Senator Kyle was re-elected, the Republicans voting solidly for him, having dropped Pickler. The Republicans of the house voted almost solidly for Kyle and the Republicans of the senate began at once to change to him, so that before the result of the ballot was announced enough of the changes had been made to give Kyle 65 votes—three more than were necessary to elect.

The Populists shifted from man to man, but the Republicans stood solidly for Kyle. With the solid Republican vote and with the Populists who stayed by him, Kyle secured enough votes to pull him through. It was apparent that there was no possibility of electing a Republican, and all night long and till 7 o'clock yesterday morning the Republicans and 18 of Kyle's staunchest followers were in conference and finally agreed.

When the joint assembly met the Republican senators voted for Pickler as usual, by pre-arrangement, but when the Republicans on the house roll were reached, they commenced voting for Kyle. It was then that the opposition first discovered the scheme. Before the vote was recorded all the Republicans changed to Kyle.

It was when the changes began that confusion reigned. Olson of Lawrence tried to create a stampede for Goodykoontz. Twice the ballot was verified.

After speaking was continued for more than an hour the ballot was finally announced: Kyle, 65; Plowman, 41; Goodykoontz, 11; Palmer, 1; Greeley, 4; Hinckley, 1.

Representative Keith of Lake county immediately gave notice that a caucus of free silverites would be held to repudiate the election.

The fusionists are all torn up over the matter and are blaming each other even to the extent of personal abuse.

Congressman Pickler worked all night to harmonize the Republican forces and line them up for Kyle, and appears as happy as though he had been elected. Six Democrats voted for Kyle.

HOPKINS WON.

The Tenth Kentucky District Election Contest Decided.

WASHINGTON, Feb. 19.—The house yesterday by a vote of 197 to 91 reversed the finding of a majority of the elections committee and decided the contested election case of N. T. Hopkins vs. J. M. Kendall, from the Tenth Kentucky district, in favor of the Republican contestant, Mr. Hopkins. Eleven Republicans and three Populists voted with the Democrats against unseating Kendall. The conference reports on the bills to pension Major General Jullins H. Stahel at \$75 and the widow of Major General Stoneman at \$50 were adopted.

The open session of the senate lasted only 20 minutes, during which minor business was transacted, the rest of the day being spent in executive session. It was 6:30 when the executive session closed and the senate adjourned.

Judge Amidon Confirmed.

WASHINGTON, Feb. 19.—After a protracted session lasting nearly all day the senate by a vote of 35 to 14 confirmed the nomination of Charles F. Amidon to be United States district judge of the district of North Dakota. This nomination has been contested some time by Senator Hansbrough of North Dakota.

ALL HANGS ON CAVITE.

If the Philippine Rebels Lose Their Cause Is Lost.

NEW YORK, Feb. 19.—A dispatch from the Herald from Manila says: General Lachambre, who has occupied Santo Domingo, is advancing on Silang, Cornell and Marina and will attack the rebel force within three days. The number of troops employed is not published. The batteries employed are two Krupp batteries of eight centimeters, one battery of nine centimeters and two mortars of 15 centimeters. With General Lachambre is General Marina, who takes one battery of artillery of eight centimeters.

From all reports it would seem that if the Spaniards are lucky enough to inflict a decisive chastisement upon the rebels in Cavite, the entire revolution will collapse. The absence of a real leader must tell upon the rebels and all their principal men are either in the fortress here or have been shot already by the authorities.

Steamer Ordered to Quarantine.

SAN FRANCISCO, Feb. 19.—The steamer China arrived last night from Yokohama. Owing to the prevalence of smallpox on board the steamer she will be ordered into quarantine and no mail and passengers were landed.

DR. ZERTUCHA SLAIN

He Was Accused of Causing the Death of Maceo.

THE REPORT COMES FROM MADRID

It Is Denied, However, by the Spanish Censorship at Havana—General Gomez and His Army Have Crossed the Trocha and Are Now Between General Weyler and Havana—Other Cuban War News.

MADRID, Feb. 19.—A dispatch received here from Havana says it is reported there that Dr. Zertucha, who was General Antonio Maceo's physician and accompanied him at the time the patriot leader met his death, has been assassinated.

All the Cuban patriots and their adherents held Dr. Zertucha responsible for the death of Maceo, which they claimed was brought about by Zertucha's treachery. They charged that the doctor, acting under plans laid by some person in authority at the palace in Havana, enticed Maceo across the trocha into Havana province from Pinar del Rio, where his army was encamped, by means of a letter, presumably written by the Marquis de Alumada, second in command of the Spanish forces in Cuba, asking Maceo to a conference, in order to see if some settlement of the war could not be agreed upon.

Maceo fell into the trap, and, accompanied by his personal staff, which included the alleged treacherous physician sent out for the meeting place, which was just beyond the trocha in Havana province. Accounts differ as to how Maceo and his followers crossed that celebrated line. One of these declares it was water, the party embarking at night in small boats and using muffled oars. This report is ridiculed by the Spanish naval officers, who declare that Maceo crossed the line on land. The latter claim is the most plausible one.

Maceo, after crossing the line, went direct to the supposed meeting place of Ahmida and himself. Instead of finding the Spanish general he and his staff walked unwittingly into an ambush prepared by a Spanish battalion under Major Cirujeda, and all were shot down in cold blood, excepting Dr. Zertucha.

Among the dead was General Gomez' son, who is said to have committed suicide by the side of Maceo. Dr. Zertucha's escape from death and the lenient treatment accorded him by the Spanish led the Cubans to at once accuse the doctor, whose previous reputation had been somewhat unsavory, of treachery. This Zertucha strenuously denied, and, in his efforts to clear himself of the imputation, he made several conflicting statements as to the manner of Maceo's death. The patriots swore they would avenge Maceo's death, and the report from Havana seems to indicate that they have kept their oath.

Denied From Havana.

HAVANA, Feb. 19.—Members of the family of Dr. Zertucha, who was Maceo's physician, and who accompanied the insurgent leader at the time of his death, deny the report cabled from Madrid to the effect that Zertucha has been assassinated by the Cubans for the purposes of revenge. They say that Dr. Zertucha was alive and well two days ago at Melena del Sur. Officials connected with the civil government as well as Captain General Weyler claim to be absolutely ignorant regarding the matter and have received no advices concerning the death of Dr. Zertucha.

Believed at Jacksonville.

JACKSONVILLE, Fla., Feb. 19.—The report that Dr. Zertucha has been assassinated in Havana is quite plausible. No details have been received by the Cuban colony here, but the fact that when Maceo was assassinated the word went out to the patriots that the traitor must die, leads to the belief that at last the man who posed as the personal friend of the Cuban general has met his last deserts.

GOMEZ CROSSES THE TROCHA.

His Army Is Now Between Havana and General Weyler.

KEY WEST, Fla., Feb. 19.—Private information has been received in this city of the whereabouts of General Gomez. He has succeeded in sliding by General Weyler and is now between him and Havana. Gomez gave the command for an advance with strict orders that any man that struck a match or smoked would be court-martialed. He then advanced on the Moron trocha in the eastern end of the island with 5,000 cavalry and 10,000 infantry.

He advanced on the fort at midnight and when he saw he was discovered by the Spanish, who fired on him, he ordered the cavalry to charge. They swooped down on the fort and captured it and the whole army went through the trocha. All of the arms and ammunition of the fort was captured. The army then continued the march and was encamped at Veguite, when the news was sent to this city by a courier. His order in taking the fort was to use the machete only, and the cavalry made a gallant fight.

"ENEMIES TO SPAIN."

Peaceful Citizens Slaughtered Under the Most Filthy Pretexts.

KRY WEST, Fla., Feb. 19.—Word has reached here that St. Jose prison, in Guanabacoa, was broken into Wednesday night by a band of patriots and 15 prisoners were released. Eight of them were to be shot this week as "enemies to Spain."

TYNDALL, S. D., Feb. 19.—Anton Shupe and wife have been found lying dead in their home, on the Yankton reservation. The woman's throat was cut, and she had a gunshot wound in the breast. The man was shot. They had \$300 in the house. Robbers probably committed the crime.

OFFICESEEKERS STOP

No Use to Make a Trip to Canton.

MR. MCKINLEY CAN NOT BE SEEN.

His Physicians Have Given Strict Orders For Him to Remain Perfectly Quiet. Ex-Convict Shot—Measles in the Soldiers' Orphans' Home—Oldest Mason in Ohio Dead—Other State News.

CANTON, O., Feb. 19.—Major McKinley continues to improve. He took a drive yesterday with Mrs. McKinley and seems to have fully recovered the attack of illness. His physician says that rest and quiet are only necessary to his full recovery. The orders are that he shall not resume the receiving of visitors as he did before the attack between now and the time of his leaving for Washington, and that for the remainder of this week he shall not see any one but the members of his household and his secretaries.

The physician has also advised Major McKinley against the exposure incident to the farewell reception arranged for Washington's birthday, next Monday. Hence the reception will have to be abandoned. The committee of the Business Men's association, who arranged the affair, said that the association had completed all the arrangements to hold the reception in the city hall, but of course the physician's decision was final.

The citizen's reception committee, which handled the visiting delegations and escorted them to President-elect McKinley's residence during the recent campaign, will go to Washington in a body. This was decided at a meeting at which nearly every member of the committee, which numbered 24 citizens, was present. It was decided to have space reserved on the Canton inaugural special, which leaves the Fort Wayne depot at 9 o'clock Tuesday evening, March 2. Several members of the committee announced the intention of taking their wives along.

SHOT A THIEF.

A Farmer Probably Responsible For the Death of an Ex-Convict.

COLUMBUS, O., Feb. 19.—Michael Heil, a farmer living near the city, has surrendered himself to the police, saying he is probably the person who is responsible for the killing of Andrew Manley, a colored man who was found dead in his wagon in the outskirts of the city with a gunshot wound.

Heil says he has been annoyed by thieves for a long time, and had arranged a system of burglar alarms on his barn. At 3 o'clock in the morning he was awakened by the alarm and rushing out to his barn saw a man coming out of it. The man ran and Heil shot at him. Blood was found where the man fell. Heil was not held.

MEASLES AMONG ORPHANS.

A Thousand Children Exposed and Over a Hundred Cases Reported.

XENIA, O., Feb. 19.—There is an epidemic of measles at the Ohio soldiers' and sailors' orphans' home, there being over 100 cases and the hospital is overflowing. One thousand children are in the home, fully half of whom have been exposed.

There have been no deaths at the home and the authorities claim that the disease is not in virulent form, but fear that it may attack several hundred of the children before it is controlled. The disease was introduced by a boy, a new inmate of the institution.

Objected to a Surprise Party.

LONDON, O., Feb. 19.—Elisha Baughn of this city attempted suicide last night by shooting himself in the right ear. He will die. He was indignant over his son's birthday surprise party, held in the house, against his wish. The party was in progress when he shot himself.

Lived Nearly a Century.

FEESBURG, O., Feb. 19.—Mrs. Rebecca Bolender, aged 97 years, the oldest woman in the county, is dead. Hon. Henry Bolender, member of the last state board of equalization, was her son. The Bolender family is the most numerous in this section.

Oldest Mason in Ohio Dead.

SPRINGFIELD, O., Feb. 19.—Colonel Harvey Vinal, aged 90 years, is dead. He was the oldest Mason in the state, and was the only charter member of the grand lodge of Ohio living. He was clerk of the Clark county court for years.

Joke Resulted Fatally.

ST. CLAIRSVILLE, O., Feb. 19.—Howard Smith, convicted of manslaughter several months since, poured oil on the clothing of Henry Sherwood, a mere boy, and then set fire to him. Sherwood died. The act was intended as a joke.

Veteran River Man Injured.

GALLIPOLIS, O., Feb. 19.—Captain James H. Summers, a veteran river man, was struck by a street car and badly crushed.

Four of Young Highwaymen.

PORTLAND, Ind., Feb. 19.—William Richards and Hosea Able, both young men, have been jailed here for highway robbery. They are charged with holding up Charles Kauffman, but secured nothing but a penknife. The prisoners had been married just three months.

INDICATIONS—Fair weather; north-west winds.

LOUISVILLE'S municipal government seems to be rotten to the core,—"honeycombed with corruption" according to the grand jury's report. The Republicans have been running things down there for a year or two.

THE Kentucky Republicans having discarded their old gold hats and adopted the silverites' head piece, leads the Flemingsburg Times-Democrat to remark that they will be trying to steal the Chicago platform in less than a year.

There's nothing too sensational for the local correspondent of the Cincinnati Post. His latest is that a Maysville lady found "a fully developed dead kitten with hair on its back" in an egg one day this week. It must have been a very, very large egg.

OUR Republican friends are making a great record at reforming things here in Kentucky. They have had charge of the public institutions a year or so, and what is the result? Scandals in the Frankfort penitentiary, scandals in the Eddyville penitentiary, scandals in the Hopkinsville asylum, scandals in the Lexington asylum. And the end is not yet. Oh, they are great as reformers.

THE Dover News in announcing Hon. James E. Cahill as a candidate for Representative has the following which will meet with a hearty endorsement whenever Mr. Cahill is known:

Mr. Cahill has performed the duties of this important office with satisfaction and is in line with true-blue Democracy and a friend of the people. He is entitled to the customary endorsement for his faithful services by being re-elected to succeed himself. He is the only candidate in the field at present, and will not, so far as we have been able to learn, have any opposition in his own party. However that may be later on, he has been a good Representative of the whole people, and it will take a good man to get the nomination over him. We should not underrate the importance of the legislative branch of our State.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's Drug store. Regular size 50c. and \$1.

PITHY POLITICAL POINTS.

"Good times" are not a product of vicious legislation.

The times doubtless are to the queen's taste with Mr. McKinley.

McKinley as an authority on "good times" is the ragged edge of a flat failure.

All the tampering with the tariff that may be conceived can not make times good.

"Good times" will not be seen until their arrival, good prices, show up.

People don't bother about good times until they are confronted with hard times.

If "good times" don't materialize soon McKinley ought to be haunted by their spook.

"Good times" may not be made to order, but are the offspring of wise forethought and legislation.

Mr. McKinley is liable to be haunted by the apparition of "good times" as a horrid nightmare.

Is Mr. McKinley expected to press a button in inauguration day and thus put factories, business and "good times" in motion?

Instead of the prosperity predicted by McKinley and the gold power, the country is maimed with paule, peril, poverty and pauperism.

McKinley may possibly have the rare sense to return to his first views and embrace bimetallism; and then not till then shall he be on the track of "good times."

The times are suited to the Bradley Martins and such like; but to the common run of Democratic Americans they are about as tough as the parrot the old darky tackled for breakfast.

The little fellows, calling themselves Democrats, who voted for McKinley "good times," ought now to feel almost as important as chauvinist without a walk.

Carelessness in girlhood causes the greatest suffering and unhappiness in after life. Little irregularities and weaknesses in girls should be looked after promptly and treatment given at once. Dr. Pierce's Favorite Prescription promotes regularity of all feminine functions, makes strength and builds up a sturdy health with which to meet the trials to come. The Favorite Prescription is not a universal panacea. It is good for but one thing. It is directed solely at one set of organs.

List of the Men Who Pledged Membership to the Y. M. C. A.

Important That All Such Pledges Should Be Paid as Soon as Possible.

Below is published a list of those who pledged membership to the Y. M. C. A. when steps were being taken to establish the local association. It was upon the strength of these pledges that the association was at last organized. Handsome quarters have been fitted up, where all the privileges of an all-round association are offered the young men of the city.

Something over 150 of those who pledged membership have so far paid, and are enjoying the benefits of the association. The expense of fitting up the rooms has been largely borne by the good people of Maysville who subscribed to the work. The membership pledges are relied upon to furnish funds for carrying on the work,—the running expenses; so the importance of redeeming all these pledges is apparent to every one.

Those who have not yet paid are kindly asked to do so as soon as possible.

ENCOURAGED

by my largely increased business of the past year, and in order to meet the largely increasing demands of my trade, I have taken advantage of the great depression which has come through the country, which has been the cause of losing large quantities of the most desirable goods in my line on the market at extremely low prices, and bought for cash the largest, cleanest and most attractive stock of goods ever offered to the people of this city. Therefore, I am in condition to offer to cash and prompt paying customers the greatest bargains ever offered in this country, and at the same time give them the very best class of goods. My stock consists of every article and much more than can be found in many strictly first-class houses in the country, consisting of Staple and Fancy Groceries and Canned Goods, best Sugar-cured Ham and Breakfast Bacon, Flour of various brands—Buckwheat, Flour, Graham Flour, Entire Wheat Flour, Wheatlets;

pure Maple Syrup, the best brands of Pickles, Jams, Jellies, and Chutneys, Butter, Cream Cheese, Franks, both green and dried, of all kinds; in fact, every article that can be named and at prices that knock out all competition.

My house headquarters for Poultry, Game and Oysters in season, always fresh and tempting, and when you want the best cakes and bread don't fail to buy my Perfection Flour—it is always the best and my Blended Coffee is no equal. My Biscuit Specials, and don't fail to take advantage of them. I want country people when in our city to make my house headquarters; you are always welcome. And don't forget that I run two wagons regular and will deliver all goods promptly. If you can't come, telephone No. 83, and your wants will be attended to. Thanking all for the very liberal patronage you have given me, by fair dealing and prompt and polite attention to the wants of the public, to merit a continuance of same.

Short Weight Coal.

Bartlett & Siebrecht, H. C. McConnell, W. P. Richardson and A. Mitchell, all of Lexington, who were arrested for giving short weights in coal, were tried in the City Court Thursday and fined \$4 and costs each. It seems that Lexington coal dealers have for years been selling seventy-two pounds of black diamonds to the bushel, when the State law says that seventy-six pounds shall constitute a bushel of coal.

After the trial of the coal dealers, convicted of having sold coal at short weight, Constable O'Brien swore out warrants against all of the other Lexington coal dealers, charging that they have been selling coal at seventy-two pounds to the bushel instead of seventy-six pounds.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

MR. EDWARD BOLGER, whose death at Cincinnati is announced, was a member of the firm of D. E. Albro & Co., veneer manufacturers of that place, and stood very high in commercial circles. He was a brother-in-law of Mr. Thomas Melan, of Washington, whom he frequently visited, having spent some weeks there the past fall. He was a most courteous and intelligent gentleman and made many friends during his visits to the county who will be truly sorry to learn of his sudden death. He was a member of several benevolent and other organizations which will unite in honoring him at his burial.

CIRCUIT JUDGE JAMES E. CANTRILL, of Georgetown, had a narrow escape from death Wednesday night. He had driven to the station with Mrs. Cantrill, who was going to Danville on the Q. and C. Blue Grass vestibule, and had just assisted his wife on the train, when it started, throwing him on the track under the cars. Just as the rear wheels of the coach were about to pass over him the Judge was snatched from the jaws of death by James Pullen, the transfer man, and Bob Hawkins, the colored driver of the baggage wagon, who were standing near him.

AN infidel club in New York City challenged Mr. Moody to debate with a champion of their selection the merits of Christianity. They could make no showing for the achievements of infidelity which they were willing to face. "By their fruits ye shall know them."—Exchange.

WHITE HOUSE RECEPTION.

The Last Evening One Given by Mr. and Mrs. Cleveland.

WASHINGTON, Feb. 10.—The last evening reception of this administration was given by the President and Mrs. Cleveland at the White House last night. It was held for the benefit of the general public. The crowd was a record-breaking one in point of attendance, it being estimated that between 5,000 and 6,000 persons passed in line during the two hours of the reception. Many persons stood in line for hours before reaching the doors of the White House. Each one was introduced to the President and Mrs. Cleveland.

The members of the cabinet and their wives, besides a number of friends, were members of the receiving party. Notwithstanding the large crowd everything passed off in an excellent manner. General Wilson and Lieutenant Gilmore made the introductions and the Marine band, under Professor Fencuilli, furnished the music. After the reception the receiving party enjoyed a luncheon before separating.

Killed His Nephew and Namesake.

SOUTH BEND, Ind., Feb. 19.—In a quarrel yesterday at Pinkerton, a village near here, Charles Pinkerton stabbed and instantly killed his nephew and namesake. The murderer is under arrest. Both are farmers with families. The tragedy was the result of a long-standing grudge held by the younger man against the elder.

Patrolman Acquitted.

ANDERSON, Ind., Feb. 19.—After one week's hearing of the case, the jury, on the first ballot, acquitted Policeman John Graham, who shot and killed John Worthington, who resisted arrest at Alexandria last fall. Worthington came from Ashland, Ky.

Major General John C. Robinson Dead. BINGHAMPTON, N. Y., Feb. 19.—Major General John C. Robinson died here late yesterday afternoon, aged 80 years. General Robinson was a major in the regular army when the war began. He was ordered to Ohio to muster in the regiments of that state, among them being the Twentieth Ohio, in which were General Rosecrans, Rutherford B. Hayes, Stanley Matthews and William McKinley. General Robinson lost a leg in the battle of the Wilderness.

An Old Veteran Killed by a Train.

MARION, Ind., Feb. 19.—Nelson Ano, a veteran of the soldiers' home, was run down and killed yesterday by a Big Four passenger train. He was walking to town on the Clover Leaf track, which parallels the Big Four, and a Clover Leaf train approached in front. He stepped over to the Big Four track, on which the passenger was approaching from the rear.

Work Will Now Be Resumed.

DEATH IN THE PRIZE RING.

A Little Colored Boy's Neck Broken by a Blow of the Fist.

CINCINNATI, Feb. 19.—Benny Coleman, a little colored boy, met death in the ring at the Manhattan Athletic club in the first round of his boxing bout with William Wright last night. While his limp body was being carried out of the arena and into a dressing room by his seconds, the spectators, none of whom suspected the awful truth, cheered lustily for the victor.

Other bouts were called and decided, and still the audience were not aware that the first set-to was a tragedy.

After the police had stopped the contest between Jim Johnson and Al Roberts, the principals of the main fight, in the fourth round, when the referee decided Johnson, the winner, was it known Coleman's neck had been broken and that he was dead.

The blow which killed Coleman was a swinging right-hand blow on the side of the neck. When hit Coleman instantly dropped to the floor limp and almost lifeless. Referee Lally appreciated that the boy was "out" and proclaimed Wright the winner.

It was nearly two hours later that the boy died.

The police have arrested William Wright, John Simcoe, the manager of the Manhattan club; Budd Lally, the referee, and are after others whom they have not yet arrested.

William Wright, who killed Coleman, went also by the name of William Rogers. He and Coleman quarreled and had a street fight two weeks ago. They were parted and advised to fight it out in the ring, to which they agreed, and accordingly applied for the privilege last night. The coroner will hold an inquest.

PLUNGED HEADLONG TO DEATH.

An Expert Ironworker Falls From a

Bridge Into the Ohio River.

CINCINNATI, Feb. 19.—Louis Chadworth 35, an expert ironworker, whose home was in Virginia, but who boarded in Newport, Ky., and was employed on the new Louisville and Nashville railroad bridge, fell to his death from the roadway of the ironwork yesterday.

Chadworth went out from the Ohio end of the bridge with a wrench to tighten some bolts on the crown of the span. When half way out and about 50 feet above the water his toe struck a projecting bolt. He tripped over it and, after a desperate attempt to regain his balance, fell headlong in the river.

Several workmen saw him fall and boats were hurried out to the spot where he struck the water, but his body was swept under a barge and has not been recovered.

Chadworth at one time resided at Xenia, O. He was not married. His co-laborers have offered a reward of \$50 for the recovery of the body.

AN INDIANA MURDERER SURRENDERS.

An Officer Has Started to California to Bring Him Back.

SACRAMENTO, Feb. 19.—E. B. Kent, a man who about a week ago walked into the sheriff's office and surrendered himself, saying that he thought he had committed a murder in Indiana a few years ago, will be taken back to the scene of his crime to stand trial for his life.

Sheriff Johnson, at the request of Kent, communicated with the authorities of Centerton, Ind., and received a telegram saying Kent was wanted at that place for the murder of Noah King, and that an officer had left there to take him back.

Kent, who is evidently demented, says the crime was committed on the night of Nov. 5, 1894, on a farm three miles west of Centerton. Both men were intoxicated and became involved in a quarrel, during which Kent stabbed his opponent with a knife and then fled, not knowing whether or not he had killed King.

Cleveland to Take a Cruise.

GREENWICH, Conn., Feb. 19.—E. C. Benedict's steam yacht Oneida is being prepared for a cruise in southern waters. Because of the fact that the order is that everything must be in readiness by March 4, it is surmised that President Cleveland will be Mr. Benedict's guest on the projected cruise. The Oneida will be dry docked in New York tomorrow.

Gray Eagle's Fatal Act.

CRAWFORDSVILLE, Ind., Feb. 19.—Will Simpson, while hunting in the vicinity of Mae, shot and killed a mammoth gray eagle which measured seven feet from wing tip to tip. The bird's greed is responsible for its capture. It had killed and devoured a lamb, and, in a gorged condition, was taking a nap in the top of a tree when Mr. Simpson shot it.

The Plague's Gruel Record.

BOMBAY, Feb. 10.—Since the outbreak of the plague 6,853 cases have been reported in this city and 5,448 deaths have been recorded. In Bombay presidency 9,911 cases and 8,000 deaths from the plague have occurred.
